

# Lean training

1 day workshop

Learn your Lean from people who live and breathe it every day. Renault-Nissan Consulting's Lean training workshops give you practical experience in applying the foundation tools and approaches that form the bedrock of successful continuous improvement.

Our workshop will offer you the chance to better understand key Lean techniques and consider, with like-minded individuals, how the application of the techniques introduced will help you to realise your desired business improvement goals.

Delivered by Renault-Nissan Consulting Lean Experts, participant numbers are limited to 12 people per workshop to enable focused discussion and hands-on application. You will leave with practical tools and knowledge to apply the learning in your organisation and a deliver rapid return-on-investment.

In addition to an excellent insight into these core Lean elements, our delivery team will be able to provide you with ideas related to tool application based on projects undertaken within various industries.

## VENUE
