

# EMBEDDED SERVICES

SERVICES WE PROVIDE

BUILDING BETTER FUTURES

ambition

## What is Embedded services?

'Embedded services' is about providing you, our clients, with an end-to-end solution to hiring needs where normal methodologies are likely to fail.

## Which hiring situations do Embedded services apply to?

Embedded services may apply in the following hiring situations:

- **Transformational:** when new departments are being set up
- **Timeline-sensitive:** we can set up a specific project plan with a timeline for delivery of a suitable hire
- **Niche:** where sourcing of hard-to-find, new specialist skills are required
- **Volume:** where there are spikes in recruitment requiring multiple candidates of a similar skill set

## What extra services do we offer?

- On-site presence
- Account delivery structure
- Assessment centre
- SLA
- End-to-end project plan
- Stakeholder engagement
- Advertising proposal
- Offer management and administration

## About Ambition

Ambition was founded in 1999 with a belief that whilst we didn't want to reinvent the wheel, we did feel that there was a tremendous opportunity to carve a niche of our own in the recruitment market and build a special organisation. Now we are a leading global boutique recruitment business servicing specialist markets in key international cities.

We are recruitment experts in Banking & Financial Services, Finance & Accounting, and Technology.
