

## Human Resources

TPP Human Resources offer a range of specialist recruitment services in the not for profit sector. We recruit all levels from HR Assistant to Director level on a temporary, fixed term and permanent basis.

TPP Human Resources are often contacted by organisations at the eleventh hour when a candidate search has descended into a struggle. We appreciate that organisations wish to adopt a direct recruitment process, by approaching an agency further down the road but we strongly advise selecting a recruitment partner that you value and trust.

### Disciplines we cover
