

# GENDER PAY GAP REPORT 2017

At Assist Resourcing we believe in creating a diverse and gender balanced workforce which reflects the customers and communities we serve.

We have a mean gender pay gap of -0.42% and a median gender pay gap of 1.40%, compared to the national average of 17.4%. We will work towards encouraging more females into the industry of logistics and ensure the gap is minimised by this time next year.

We believe in job opportunities for everybody regardless of gender.
