- (b) it is unreasonable, having regard to the time taken by an inspector to respond to the matter, to expect, or to have expected, the person to make that decision before the 6-month period referred to in section 54B expires; and

- (2) On application, the District Court may extend the time for filing a charging document.
- (3) An application under subsection (2) must be made within the 6-month period.
- (4) The court must not grant an extension unless it is satisfied that—
 - (a) an inspector reasonably requires longer than the 6-month period to decide whether to file a charging document; and
 - (b) the reason for requiring the longer period is that the investigation of the events and issues surrounding the alleged offence is complex or time consuming; and
