GOLD GROUP

TECHNICAL & PROFESSIONAL
RECRUITMENT

Gold Group is one of the largest independently owned technical recruitment companies in the UK. Since February 2000 we have specialised in providing professional staff to a number of highly technical industries. Unlike many generalist recruitment companies who have only a general knowledge of the industries in which they work, our business depends on in depth knowledge and real expertise. We have to know the exact skills required for a particular role, as well as the personal qualities needed to operate effectively in very specific working environments, varying from army bases to off shore platforms.
