

reflect on...

a drug error

During our careers, many of us have made or witnessed drug errors.

Think back to a time that you were involved in a drug error and reflect on this.

Description: *What happened?*

Feelings: *What were you thinking and how were you feeling?*

reflect on...

a drug error

Evaluation: *What was positive and negative about the experience?*

Analysis: *What sense can you make of the situation?*

reflect on...

a drug error

Conclusion: *What else could you have done?*

Action plan: *If the situation arose again, what would you do?*
