# ENGINEERING & MANUFACTURING RECRUITMENT

SOLUTIONS THROUGH  
**UNDERSTANDING**

The logo for LER (Lean Engineering Recruitment) features the letters 'LER' in a large, bold, orange sans-serif font.

Lean  
Engineering  
Recruitment

“Our recruitment expertise extends through the whole life product cycle, attracting the very best candidates...”

## WHO WE ARE

The first choice for clients and candidates, Lean Engineering Recruitment's general engineering and manufacturing division provides clients with a unique level of expertise in contract, interim and permanent recruitment.

LEAN Engineering Recruitment successfully delivers solutions across all types of engineering, technical, supply chain, logistics and commercial disciplines. We work for some of the biggest names in the Automotive, Aerospace, Defence, Pharmaceutical Medical Devices, FMCG and Food and Beverage Industries. Working in partnership with our clients who range from prestigious global blue-chip engineering companies through to SMEs, we identify and attract the best talent available.

Our professionalism and integrity mean that we take the time to listen to your requirements and provide only the best people for your roles across various engineering sectors including: automation & robotics, metals industry, power generation and medical device.

The LER logo consists of the letters 'LER' in a bold, sans-serif font. The 'L' and 'E' are orange, while the 'R' is blue. A vertical white line separates the logo from the text to its right.

Recruitment

A close-up photograph of a welder's gloved hands holding a welding torch, with bright sparks emanating from the point of contact.

Regarding the team at Lean Engineering Recruitment, all I can say is top drawer... information that flowed from the very first contact through to interview and placement. I will miss the flawless administration of my contract and being paid on time, every time.

BRENT HARGREAVES

A photograph showing a metalworking process where a rotating tool is cutting into a piece of metal, creating a large spray of white chips.

I am happy to recommend the recruitment service offered by Lean Engineering Recruitment. I have recently used the firm's services and found the whole team to be extremely attentive and efficient. They were extremely knowledgeable and approachable at all times, I would have no hesitation in using their services again.

# OUR COMMITMENT TO YOU

Lean Engineering Recruitment is committed to delivering best-in-class recruitment and talent management services to the general engineering sector. Taking the time to really understand your business needs and priorities, we adopt a partnership approach to help achieve your talent acquisition plans. We present the most relevant candidates for your needs, and our tailored solutions are aimed at adding value and contributing to your company's future success.

Our partnering and personal approach takes into account the softer issues of recruitment, providing you with the best skills, personality and cultural fit for your needs. Our commitment to remain at the cutting edge of best practice allows you to benefit from the latest initiatives in recruitment, digital media and candidate attraction.

Whether you are seeking to recruit one key individual or an entire team, our expert consultants, administrators and welfare support resource provide a dedicated, personalised and premier service.

“ Our mission is to provide the best resourcing solutions through fully understanding, communicating and meeting the needs of our clients, candidates and colleagues... ”

The concept behind LER is to introduce LEAN into the recruitment industry by REDUCING COST & IMPROVING OUR PERFORMANCE, Essentially giving you a better recruitment experience.

In order to effectively utilise our current expertise within the recruitment industry we only work within the Engineering & Manufacturing Industries.

As a Technical Recruitment Consultancy, LER solely focus on key skilled positions where we believe we can add the most value to your business.
